Vincent Laurencin, deputy CEO of Chenavari, in charge of UCITS strategies, commented:

"These two awards come at a special time for the Fund: this month marks the 5-year anniversary since it was "relaunched" in its current format. They are a great recognition of the team's persistence and discipline to generate performance in a variety of market environments. I would like to congratulate the co-PMs, the research team and the risk team for all of their hard work in order to meet our investors' expectations.

I would also like to thank our investors for their continued support and trust year after year."
