Chenavari Investment Managers announces the release of its 2023 Sustainability Report

Chenavari Investment Managers (“Chenavari”) is pleased to announce the release of its 2023 Sustainability Report, a testament to the Firm’s ongoing commitment to advance environmental, social, and governance (ESG) principles in the alternative fixed income markets.

Following the launch of the inaugural Sustainability Report, Chenavari has bolstered its efforts from both a responsible investment as well as a corporate social responsibility standpoint. Key highlights of this report include the further development of ESG integration approaches across the Firm’s private credit and leveraged finance strategies, the development of a new real estate debt decarbonisation strategy, as well as firm-wide initiatives geared towards building an ESG-aware culture and encouraging workplace diversity.

Chenavari remains committed to its sustainability journey and aims to introduce future ESG initiatives that will further strengthen its position as a leading alternative fixed income investment firm.

About Chenavari

Founded in 2008, Chenavari is an investment management group specialising in alternative fixed income in Europe. The experience, network and know-how of the team make it possible to cover the entire liquidity continuum of the public and private credit markets. The product offering is organised around three investment platforms: Tradable Credit, Private Debt and Leveraged Loans & CLOs.

The group, headquartered in London, also has offices in Luxembourg and Paris. As at 29 September 2023, the group has 81 employees and manages around €4.7 billion (including advisory assets and undrawn commitments) on behalf of institutional investors worldwide.
